Award Criteria: The horse and rider team must complete at least 50 miles total on SEDRA sanctioned rides in each of ten riding seasons. The ride seasons do not need to be consecutive. Qualifying rides must be a minimum of 25 miles. Although more than the required 50 miles during a ride season may have been completed, only documentation of the minimum criteria needs to be provided. SEDRA's ride season runs from June 1 through May 31 of the following year. The horse must be nominated in SEDRA's lifetime mileage program. The rider must have been a SEDRA member at the time of the ride, or the membership must be purchased at the current price for membership.

SEDRA will award a certificate and a trailer decal. Other items will be offered for purchase. SEDRA will pay for personalization, but the owner must pay the cost of the item.
